I touched that tin ball when it is crumpled.
I touched that tin ball. I made it round.
My friend touched that tin ball when it is crumpled.
My friend touched that tin ball. My friend made it round.

I touched it high.

I touched it low.

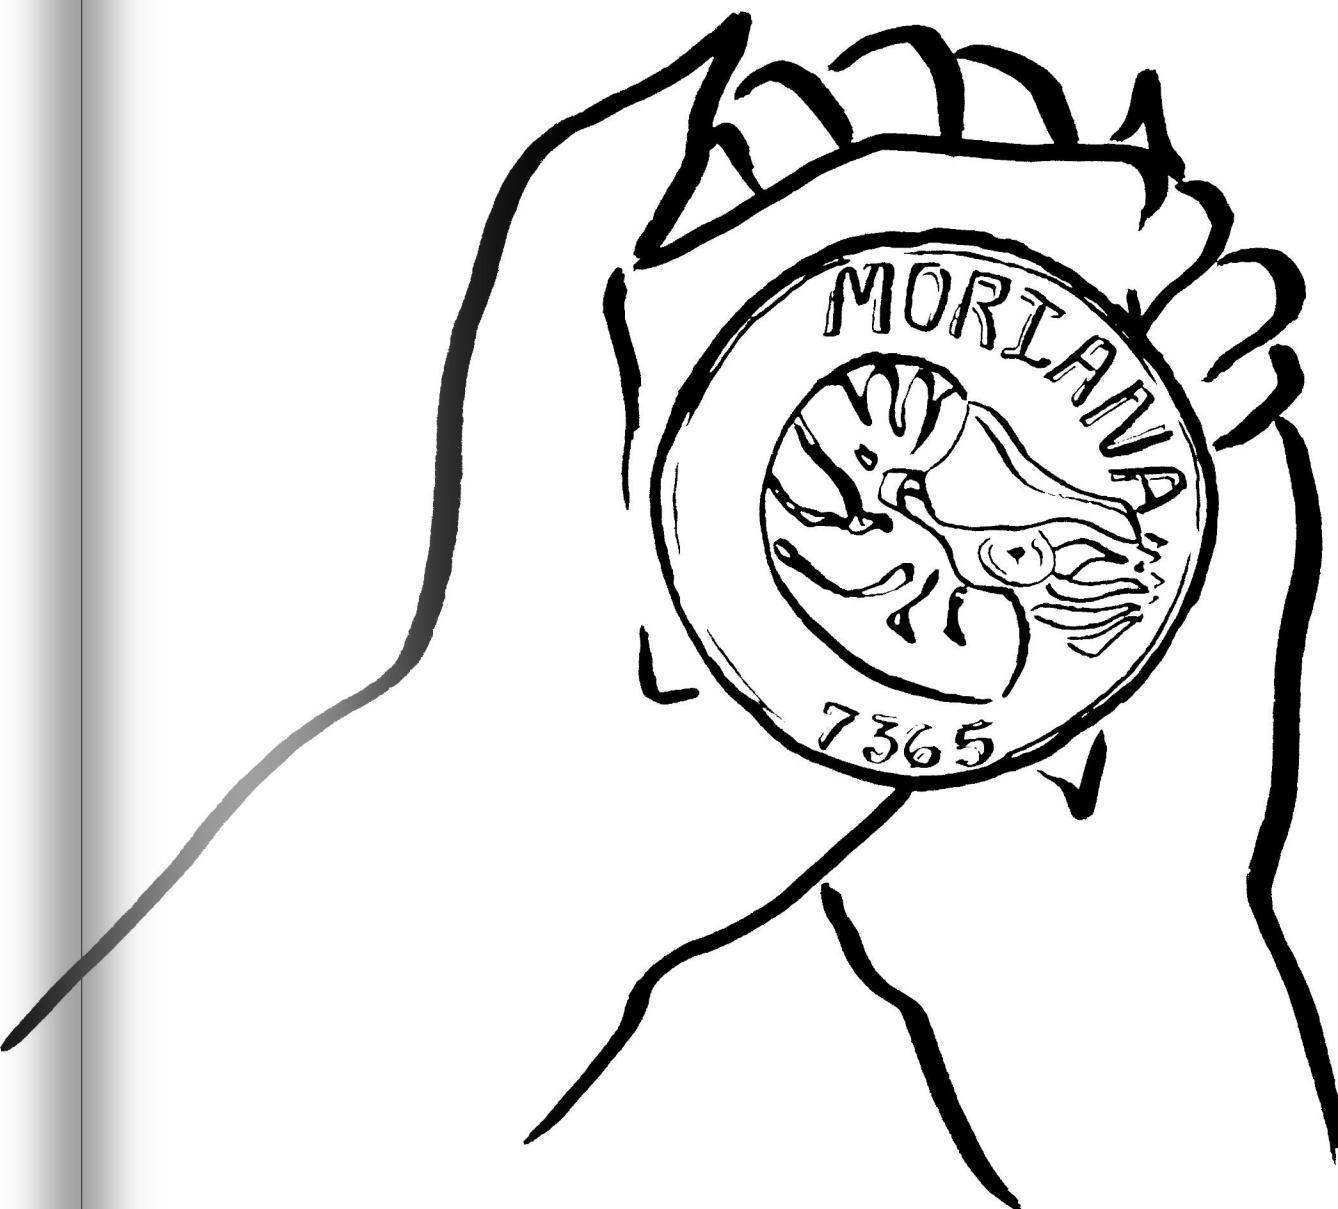

I touched so high and even below!

There is that tin ball,
Out past the walls of Moriana.

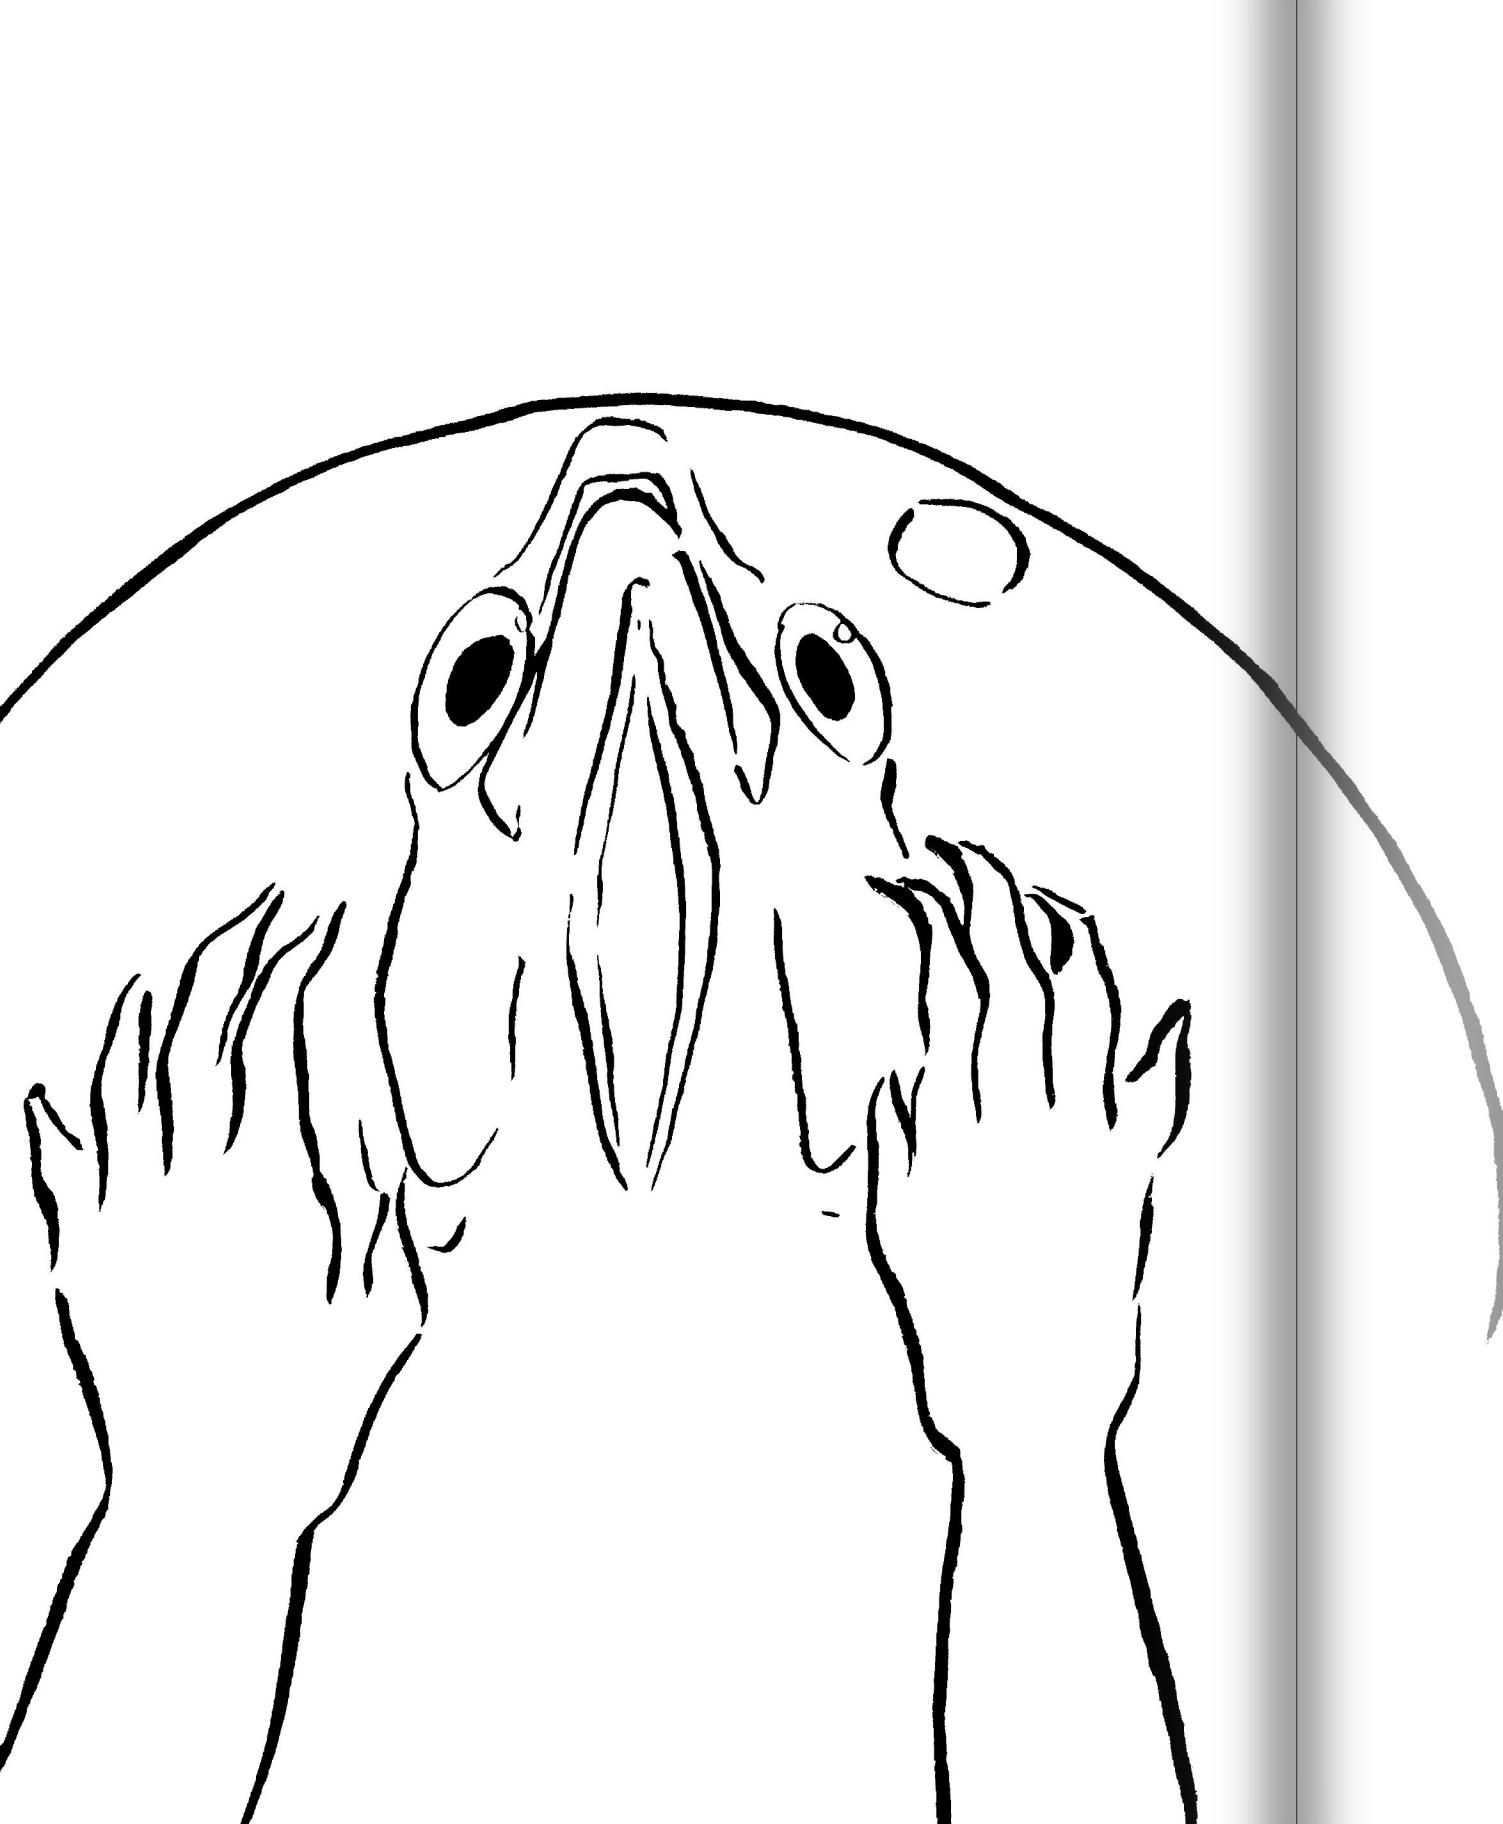

I need money to touch that tin ball.

So my friend gave me a coin to touch that tin ball.

I used the money to touch that tin ball.

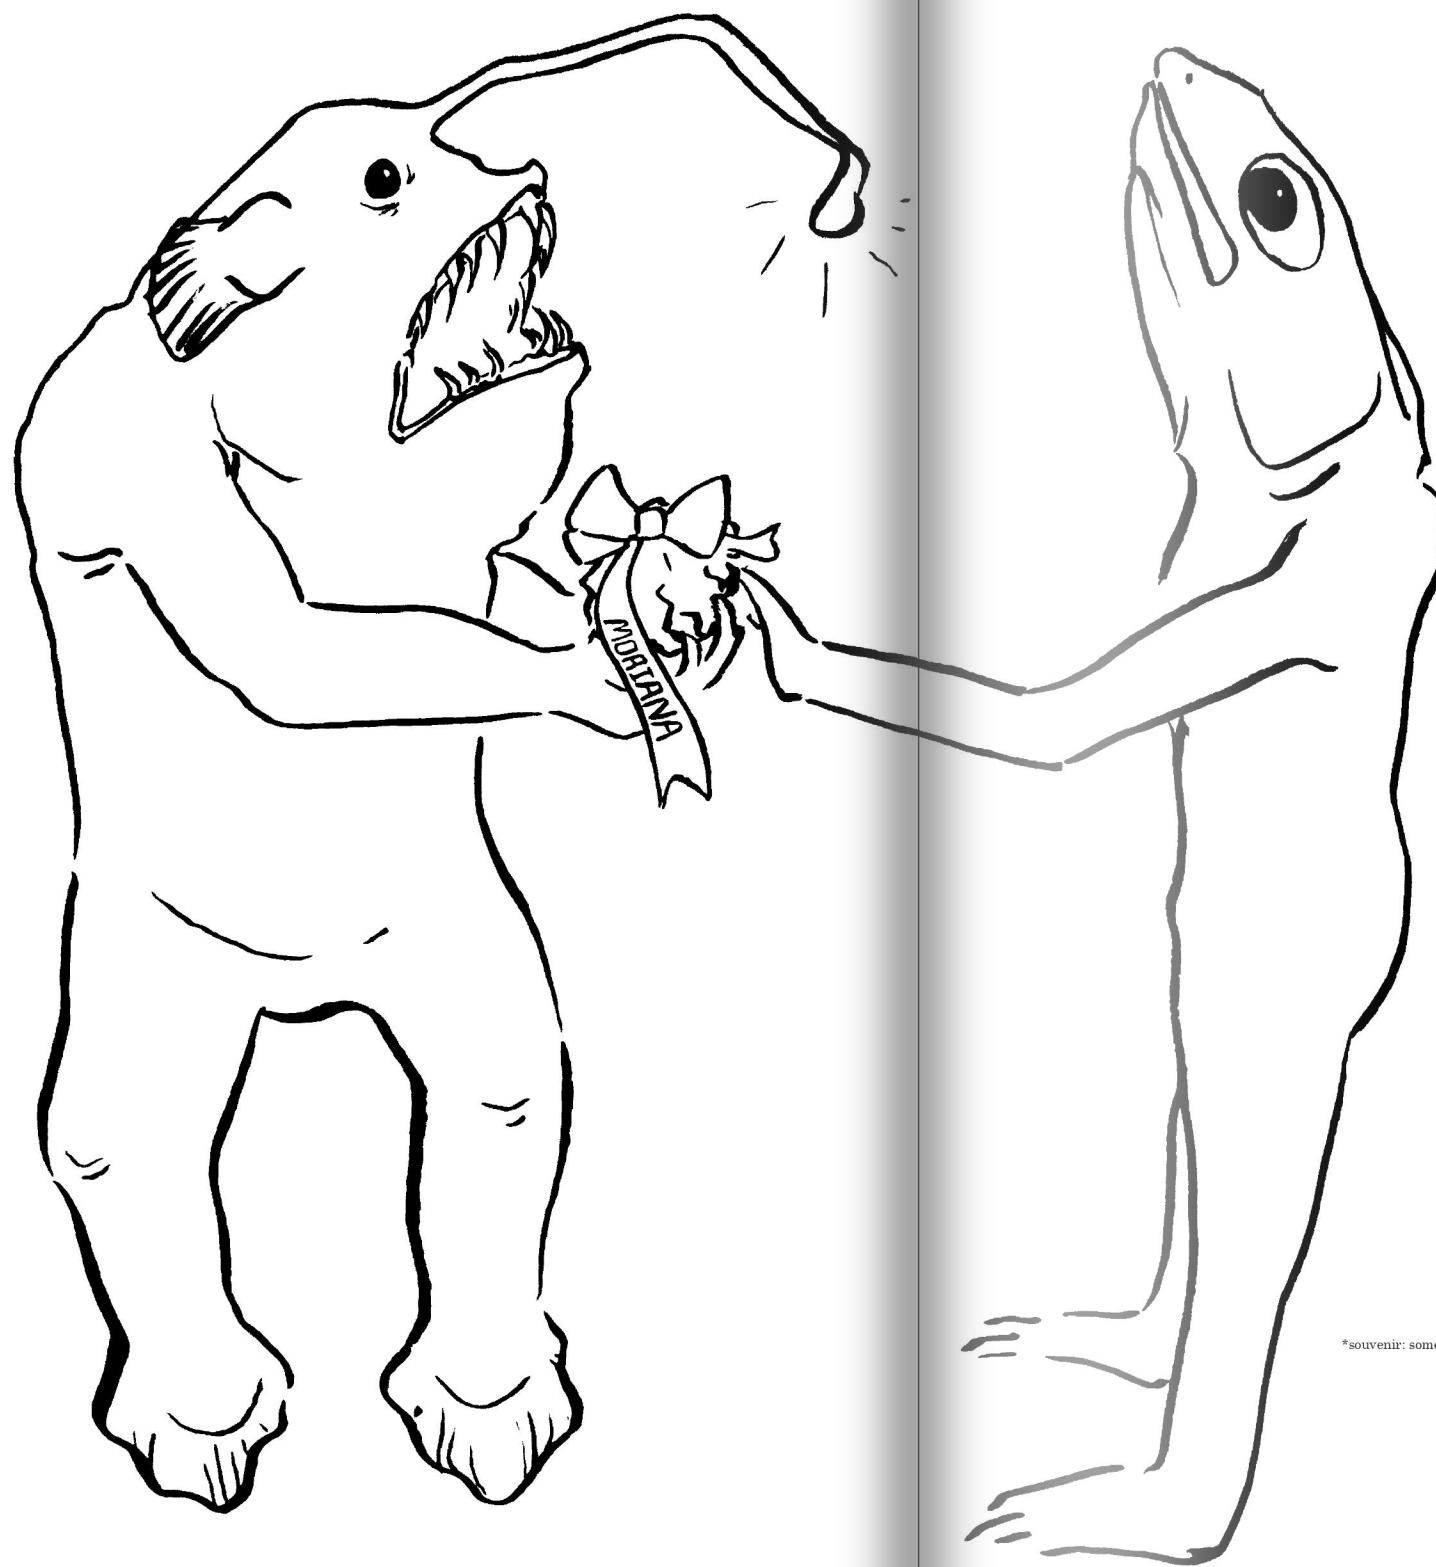

I made that tin ball round.

I touched it high.

I touched it low.

I have a souvenir for my friend to take home.

*souvenir: something kept as a reminder (as of a place one has visited)

THANKS TO BETH MICHAEL 154 PEERS

*TOUCH
THAT
TIN BALL!*

TOUCH THAT TIN BALL!
